Silca is a leader because we do things first. The modern key catalogues were born thanks to Silca.

Silca was the first to provide an easy to consult and precise tool for facilitating works in key copying centres and for specialists: it was finally possible to rapidly and safely identify the correct duplicate, without any margins of error from a wide range of selections.

Since then, every Silca catalogue has been a rational and complete tool: keys are reproduced in their true size and ordered alphabetically according to the lock brand name.

It is sufficient to place the original over the reproduction to identify the correct duplicate key.

The simplest ideas are the most innovative and long-lasting. In fact, still today, the Silca Catalogue is a standard and point of reference for the entire sector.

This new catalogue not only proposes all updated references, but also a new product philosophy that, thanks to the most innovative materials, is certain to greatly improve quality of service, also for less common references, but still present in the Silca range of products.

Contact your Silca Distributor or Silca Customer Service: we are at your complete disposition to provide more detailed information about news and items that you may be interested in.

Silca è leader perché fa le cose per prima. I moderni cataloghi per chiavi sono nati grazie a Silca.

Proprio Silca fornì per prima uno strumento di consultazione facile e preciso per agevolare il lavoro dei centri duplicazione chiavi e degli specialisti: finalmente si poteva individuare con rapidità e sicurezza il duplicato corretto, senza margini di errore e all'interno di una ampia gamma.

Ogni catalogo Silca, da allora, è uno strumento ragionato e completo: le chiavi sono riprodotte in grandezza naturale e ordinate alfabeticamente secondo la marca serratura.

Basta sovrapporre la chiave originale per individuare il duplicato cercato. Le idee semplici sono le più innovative e durature. Infatti, ancor oggi, il Catalogo Silca è uno standard e un punto di riferimento per tutto il settore.

Questo nuovo catalogo propone non solo un aggiornamento di tutte le referenze, ma anche una nuova filosofia di prodotto che, grazie alla ricerca dei materiali più innovativi, è destinata a migliorare di molto la qualità del servizio anche per le referenze meno diffuse ma da sempre presenti nella gamma Silca. Contattate il vostro Distributore Silca o il Customer Service Silca: siamo a completa disposizione per fornire informazioni precise sulle novità introdotte e sugli articoli di vostro interesse.

Silca gehört zu den Marktführern, weil Entwicklungen und Marktveränderungen schnell umgesetzt werden. Der moderne Schlüsselkatalog, so wie wir ihn heute kennen wurde zusammen mit Silca entwickelt.

Silca stellte als eines der ersten Unternehmen einen Katalog zur Verfügung, um die Arbeit von Schlüsselzentralen und Schlüsselfachleuten zu erleichtern. Endlich konnte man schnell und sicher den richtigen Schlüsselrohling in einem breitgefächerten Produktsortiment erkennen und dadurch die Fehlerquote bei der Auswahl des richtigen Schlüssels reduzieren. Seitdem ist jeder Katalog der Firma Silca ein durchdachtes und vollständiges Instrument welches in keinem Fachgeschäft fehlen darf. Die Schlüssel sind in Originalgröße abgebildet und nach Schlossherstellern in alphabetischer Reihenfolge geordnet. Man muss nur den Originalschlüssel darüber legen, um das gewünschte Duplikat zu finden. Die Umsetzung von Ideen hin zu einfachen Lösungen sind Innovationen die lange Bestand haben. Noch immer stellt der Silca Katalog einen Standard und Bezugspunkt für den gesamten Sektor dar. Der neue Katalog bietet nicht nur eine Aktualisierung des gesamten Sortiments, sondern ist auch gleichbedeutend für eine neue Produktphilosophie. Neue, innovative Materialien und Produkte kombiniert mit einem umfangreichen Sortiment an „ungängigen“ Schlüsselprofilen, die von jeher im Silca Sortiment enthalten sind. Wenden Sie sich an Ihren Fachhändler oder an die Silca Vertriebsmitarbeiter. Wir stehen Ihnen gern hilfreich zur Seite, um Ihnen genaue Informationen über unsere Neuheiten und über die Artikel, für die Sie sich interessieren, zur Verfügung zu stellen.

Silca est un leader car l'innovation a toujours été l'une de ses principales priorités. Les catalogues modernes de clés ont vu le jour grâce à Silca.

Silca fournissait alors, pour la première fois, un outil de référence simple et précis permettant de faciliter le travail des points de reproduction de clés et des spécialistes : il était enfin possible de trouver rapidement et de façon sécurisée une ébauche adaptée, sans marge d'erreur et dans un large éventail de produits.

Depuis lors, tous les catalogues Silca sont des outils intelligents et complets : les clés sont représentées en grandeur nature et classées par ordre alphabétique en fonction de la marque de la serrure.

Il suffit simplement de superposer la clé d'origine pour identifier l'ébauche nécessaire.

Les idées simples sont toujours les plus novatrices et durables. En effet, aujourd'hui encore, le catalogue Silca constitue une base et un point de référence pour l'ensemble du secteur.

Ce nouveau catalogue offre non seulement une mise à jour de toutes les références, mais également une nouvelle philosophie de produit qui, avec la recherche de matériaux innovants, vise à améliorer considérablement la qualité du service, même pour les références les moins répandues, mais néanmoins présentes dans la gamme Silca.

Contactez votre revendeur Silca ou le service clientèle Silca : nous sommes toujours disponibles pour vous fournir des informations précises sur les nouveautés proposées et les articles susceptibles de vous intéresser.

Silca es líder porque hace las cosas primero. Los catálogos modernos para llaves han nacido gracias a Silca.

Precisamente, Silca fue la primera empresa que proporcionó una herramienta de consulta precisa y fácil de emplear, con el objetivo de simplificar el trabajo de los centros de duplicación de llaves y de los especialistas: con ella, finalmente fue posible encontrar de forma rápida y segura el duplicado correcto, sin posibilidad de error y dentro de una amplia gama.

Desde entonces, cualquier catálogo Silca ha sido una herramienta meditada y completa: las llaves se reproducen a tamaño natural y se presentan ordenadas alfabéticamente según la marca de la cerradura. Solo hay que sobreponer la llave original para encontrar el duplicado que se está buscando.

Las ideas simples son las más innovadoras y duraderas. En efecto, todavía hoy el Catálogo Silca es un estándar y un punto de referencia para todo el sector.

Este nuevo catálogo propone no solo una actualización de todas las referencias sino también una nueva filosofía de producto que, gracias a la búsqueda de los materiales más innovadores, tiene el fin de mejorar considerablemente la calidad del servicio, también para las referencias menos difundidas, pero presentes desde siempre en la gama Silca.

Contacte con su distribuidor Silca o con el departamento de atención al cliente de Silca: estamos a su completa disposición para facilitarle información precisa sobre las novedades incorporadas y sobre los artículos de su interés.
